SUBJECT: Final Adoption of LSA Document #09-7
Residential On-Site Sewage System Rule – 410 IAC 6-8.2

The Indiana State Department of Health (ISDH) Commission of Public Health and Preparedness respectfully requests the Executive Board, at the Board's July 14, 2010 meeting, finally adopt this proposed rule that adds 410 IAC 6-8.2 and repeals 410 IAC 6-8.1.

The rule updates and clarifies agency requirements pertaining to the design, construction, installation, maintenance, and operation of residential on-site sewage systems.

The Notice of Intent to Adopt a Rule was published on the Indiana Register on January 14, 2009, starting the one year period in which to adopt this rule. An Administrative Rules Oversight Committee (AROC) notice was filed extending the rulemaking for one additional year. The proposed rule was preliminarily adopted by the Executive Board at the March 11, 2009 meeting. Although minor changes have been made based on public comments, the rule has not substantively changed.
